UNITED NATIONS RESEARCH INSTITUTE FOR SOCIAL DEVELOPMENT Social Integration: Approaches and Issues UNRISD Briefing Paper No. 1 World Summit for Social Development

Social Integration: Approaches and Issues

The National Center on Immigrant Integration Policy is a crossroads for elected officials, researchers, state and local agency managers, grassroots leaders, service providers, and others who seek to understand and respond to the challenges and opportunities today's high rates of immigration create in local communities. More here.

NCCIH's current strategic plan, 2016 Strategic Plan: Exploring the Science of Complementary and Integrative Health, presents a series of goals and objectives to guide us in determining priorities for future research on complementary health approaches. The scientific objectives in the plan are aligned with those of the broader National Institutes of Health strategic plan.

Complementary, Alternative, or Integrative Health: What's

Behavior and Communication Approaches. According to reports by the American Academy of Pediatrics and the National Research Council, behavior and communication approaches that help children with ASD are those that provide structure, direction, and organization for the child in addition to family participation.

Multisensory integration, also known as multimodal integration, is the study of how information from the different sensory modalities, such as sight, sound, touch, smell, self-motion and taste, may be integrated by the nervous system. A coherent representation of objects combining modalities enables us to have meaningful perceptual experiences. Indeed, multisensory integration is central to ...

Data integration involves combining data residing in different sources and providing users with a unified view of them. This process becomes significant in a variety of situations, which include both commercial (such as when two similar companies need to merge their databases) and scientific (combining research results from different bioinformatics repositories, for example) domains.
