perfect phrases for creativity pdf

The incremental learning derives its name from the incremental nature of the learning process. In incremental learning, all facets of knowledge receive a regular treatment, and there is a regular inflow of new knowledge that builds upon the past knowledge.

SuperMemo: Incremental learning

History. It has been proposed that there is a particular link between creativity and mental illness (e.g. bipolar disorder, whereas major depressive disorder appears to be significantly more common among playwrights, novelists, biographers, and artists). Association between mental illness and creativity first appeared in literature in the 1970s, but the idea of a link between "madness" and ...
