simulated voyages using simulation pdf

The holodeck is a fictional plot device from the television series Star Trek. It is presented as a staging environment in which participants may engage with different virtual reality environments. From a storytelling point of view, it permits the introduction of a greater variety of locations and characters that might not otherwise be possible, such as events and persons in the Earth's past ...

Holodeck - Wikipedia

This article consists almost entirely of a plot summary. It should be expanded to provide more balanced coverage that includes real-world context. Please edit the article to focus on discussing the work rather than merely reiterating the plot. (July 2013) (Learn how and when to remove this template message
