Chart-based diagrams. These visuals show relationships or connections between entities. Some show a directional flow of steps or information, as we see in flowcharts and network diagrams. Others display hierarchies, as in organizational charts and cause-and-effect diagrams. A Venn diagram is a chart-based diagram that illustrates the overlap among sets of data.

BUSINESS ENVIRONMENT - University of Calicut

Group decision-making (also known as collaborative decision-making) is a situation faced when individuals collectively make a choice from the alternatives before them. The decision is then no longer attributable to any single individual who is a member of the group. This is because all the individuals and social group processes such as social influence contribute to the outcome.
