Constructivism is a philosophical viewpoint about the nature of knowledge. Therefore, it represents an epistemological stance.. There are many flavors of constructivism, but one prominent theorist is Jean Piaget, who focused on how humans make meaning in relation to the interaction between their experiences and their ideas. He considered himself to be a genetic epistemologist, meaning he was ...

1C. Constructivism as a Theory of Active Learning. The basic claim of constructivism is that "people learn by using what they know to construct new understandings...[so] all learning involves transfer that is based on previous experiences and prior knowledge (How People Learn, pages 68, 236)." Therefore, when teaching any idea or skill a teacher should try to understand the "previous ...
