A contact print is a photographic image produced from film; sometimes from a film negative, and sometimes from a film positive or paper negative. In a darkroom an exposed and developed piece of photographic film or paper is placed emulsion side down, in contact with a piece of photographic paper, light is briefly shone through the negative or paper and then the paper is developed to reveal the ...

In the visual arts, composition is the placement or arrangement of visual elements or 'ingredients' in a work of art, as distinct from the subject. It can also be thought of as the organization of the elements of art according to the principles of art.. The composition of a picture is different from its subject, what is depicted, whether a moment from a story, a person or a place.

A solar eclipse is such a rare and captivating phenomenon it's only natural to want to capture it in a sequence of photographs. However, when shooting a solar eclipse, even the lowest ISOs and fastest shutter speeds result in overexposed, blown-out images that fail to reflect the fascinating process.
